

# Brevard Academy: A Challange Foundation Academy Board of Directors MINUTES Work Session and Popular Meeting

Work Session and Regular Meeting

Meeting Location: BA-CFA Campus (Music Room)

Wednesday, August 21, 2019 – 5:30 p.m.

#### **Mission:**

The Mission of Brevard Academy is to prepare its students to achieve academic excellence through the Core Knowledge Sequence. Through a partnership involving students, teachers, and parents the school strives to create citizens with strong moral character and active intellectual inquiry.

### Vision:

Brevard Academy: A Challenge Foundation Academy (BA-CFA) a K-8 public charter school develops and encourages motivated, intellectually curious students who are skilled in critical thinking, individual expression and problem solving. From their diverse backgrounds, students accept our challenge to pursue personal and academic excellence. Through this pursuit, they become confident members of their community who lead by serving others. This meeting is a meeting of the BA-CFA Board in public for the purpose of conducting the School Corporation's business and is not to be considered a public community meeting. There will be time for public participation as indicated on the agenda.

<u>Members Present:</u> Lee Burgess, Adrienne Casteen, Mark Campanini, Jim Bishop, Myranda Nash a quorum was present (Julie Gaston was absent)

### Work Session, 5:00pm

Work sessions are for discussion and training only. No formal actions are taken in work sessions. The Brevard Academy-CFA board will never vote on a motion while it is in a work session. If the board wants to adopt a motion after discussing it in a work session, it will be presented in an open public business meeting.

### **Discussion Items:**

**Buses**: State inspections show work is needed. We have had them eight years and they came to us used. Mr. Duncan will be making a request for additional buses in the meeting.

**Math 1 Format**: There are 12 students that qualify for Math 1 and 27 in Math 8. Options are needed to have even classes. Hiring an outside person is one option. Mr. Duncan will be asking for an interim position in the meeting. Discussion was had about the long term solution for these math courses.

**Facilities Use Possibility**: There is a church in the community that is interested in using the school in the mornings on Sunday. They have offered to make some enhancements to the building such as sound, lighting system, projector.. On-site, portable storage would also be needed. The would also be a fee paid for the use of the school space. The school would have access to the enhancements while the lease is in use. The church has about 250 members and they would have use of the gym, art room and some middle school classrooms. BA would have a staff member present. Key cards would allow access only during agreed upon times. Would like to begin use in early October.

#### Training:
